

PRX

DERM PERFEXION

POST CARE INSTRUCTIONS

FACE AND NECK

DAY 1

Apply **Moisturizing Face Cream for Dry Skin** at night or earlier to help with dryness. The amount should be a fingerprint size (not a pea size) and be massaged into the skin until absorbed.

DAY 2 AND BEYOND

AM: Apply **Moisturizing Face Cream for Dry Skin**. Apply SPF 40+.

PM: Apply **Facial Smoothing Fluid** starting the evening after, wait 30 minutes, and apply **Moisturizing Face Cream for Dry Skin**.

POST CARE INSTRUCTIONS

BODY

DAY 2 AND BEYOND

Apply **Smoothing Moisturizing Body Cream** once a day, every day.

Do not use any other products during your course of treatment. A gentle cleanser, SPF and makeup are acceptable.

You may resume your regular skincare regime 7 days after your last session.

Possible Side Effects

Intense flaking: this can occur after the first session of application on patients with a very thick stratum corneum and may last 2-3 days. **Apply Moisturizing Face Cream for Dry Skin** several times a day.

Dryness: Apply **Moisturizing Face Cream for Dry Skin** more frequently.

Appearance of darker patches in the two days following application: these are thicker areas of skin drying up and will disappear through natural exfoliation in a few days.

*Contact your provider if you experience any uncommon side effects
